

In the year 2003 started the success-story of FRESH FOX with their first Single called SEXY LADY. The following albums SEXY and TONIGHT from the years 2004 and 2005 became a descent result for the two young artists Ronny Jentzsch & Chris van Beorg. Since that time FRESH FOX is well known for catchy melodious, danceable and moody disco fox sound "made in Germany".

Also as producers for other famous artists like FANCY, WILDE HERZEN or MATTHIAS CARRAS the two guys of FRESH FOX convince their fans all over the world.

In Germany, Spain, France or Russia people are anxious fort he next album with the title ANOTHER MYSTERY.

A little foretaste of this album, with a lot of catchy tunes, gives the actual single called LIFE WAS MADE FOR ME.
